In this case, the awards will be tenable for four years (or for six years for those majoring in medicine, dentistry, veterinary medicine or in a six-year course in pharmacy). If a grantee graduates earlier or withdraws from his/her undergraduate course for early college entrance, the awards will be tenable until his/her graduation or withdrawal.

## 7. PREPARATORY EDUCATION PRIOR TO PLACEMENT AT UNIVERSITY

(1) Preparatory Education prior to Placement at University:

Each grantee will be enrolled at a preparatory school (either in Tokyo University of Foreign Studies or Osaka University) designated by MEXT for a one-year intensive course in the Japanese language and other subjects necessary for preparation for proceeding to university. The preparatory course lasts for one year. Its curriculum mainly consists of education in the Japanese language, and includes other subjects such as Japanese affairs, mathematics, English, and social studies for those majoring in Social Science and Humanities, and physics, chemistry and biology for those majoring in Natural Sciences.

(2) Change of Major Field of Study:

A grantee will not be permitted to change his/her major field of study between Social Sciences, Humanities and Natural Sciences, nor between Social Sciences and Humanities A and B, or between Natural Sciences A, B, and C.

(3) Subjects to be Studied:

A grantee must study compulsory subjects as determined by the preparatory school even if he/she has already studied them at a university outside Japan.

(4) Direct placement:

The preparatory education requirement may be waived for a grantee who has sufficient knowledge of the Japanese language to pursue his/her study at university or who wishes to enter a university without the Japanese language requirement (via direct placement).

(5) Point for consideration:

A grantee will not be allowed to proceed to the accepting university if he/she is determined to be incapable of completing the prescribed course at the preparatory school. (The grantee will be required to return to his/her home country upon such determination.)

## 8. UNIVERSITY EDUCATION

(1) Entrance into University:

A grantee who has completed the preparatory education will go on to a university designated by MEXT upon passing its entrance examination. The university whose examination a grantee will take will be decided by MEXT in consultation with the university and the preparatory school and in comprehensive consideration of the results of the academic examination in the primary screening held in his/her home country, academic achievement at the preparatory school, the grantee's proposed major subject, and the receiving capacity of the university. No objection by the grantee against the decision will be allowed.

(2) Academic Year:

The academic year begins on April 1 each year and ends on March 31 the next year.

(3) Language Used in Education:

All classes will be given in the Japanese language (except where a grantee is placed at a university which requires no Japanese language ability).

(4) Degree of "Gakushi" ( Bachelor's Degree ):

If a grantee attends the designated university for the prescribed number of years and earns the number of credits as determined by the university, he/she will be awarded the degree of "Gakushi."

(5) Change of Major Field of Study and Subjects to be Studied:

7 (2) and 7 (3) above will apply.

(6) Direct placement:

MEXT will decide the accepting university upon discussion with prospective universities. An applicant desirous of direct placement must enter a university without preparatory education, and if the desired university does not accept the applicant, his/her application will be rejected by MEXT. If you want to apply for direct placement, be careful in selecting the university, faculty and school and their capacity to accept direct placement. For further information on universities capable of accepting students via direct placement, please inquire at the Japanese diplomatic mission in your country.

## 9. NOTES

- (1) All grantees are advised to learn the Japanese language and have basic knowledge about the weather, climate, customs, and university education in Japan as well as about the differences between the Japanese legal system and that of his/her home country before they leave for Japan.
- (2) Grantees should bring the approximate equivalent of US \$2,000 to cover immediate needs after their arrival in Japan since the scholarship allowance will be paid a while later.

(3) Accommodations:

① During the period of preparatory education, grantees can reside in the residential accommodations of Tokyo University of Foreign Studies or Osaka University, where they are enrolled.

② Residence halls for international students established by national universities

At present, the national universities have residence halls available for international students. Grantees enrolled at national universities where such facilities are available may reside, if they so desire, at these residence halls under prescribed conditions. However, these facilities may not be able to accommodate all the students who wish to live there.

③ Private boarding houses or apartments:

Those who are not able to find accommodation in the aforementioned facilities may live in regular dormitories of the university or in a private boarding house/apartment.

It is very difficult for grantees with dependents to find appropriate housing in Japan. The grantee is advised to arrive in Japan alone first to secure housing before having his/her spouse and/or family come over to Japan.

(4) The English texts attached to the Application Guideline and the Application Form are for convenience only. English expressions do not change the Japanese content, so if you have any questions about the content of the written text, you should inquire at the Japanese diplomatic mission.

(5) More detailed information on this scholarship program is available at the Japanese diplomatic mission in your country.
